Full Labour Mobility in Massage Therapy : Creating inter-jurisdictional competencies

Dr. David Cane of Catalysis Consulting gave a presentation on the process of developing inter-jurisdictional competencies with British Columbia and Newfoundland and Labrador pursuant to labour mobility requirements in the Agreement on Internal Trade which requires the profession to eliminate barriers to movement by Massage Therapists between provinces in Canada

Third Quarter Financial Report

Council reviewed the Third Quarter Financial Report and were pleased with the results. There was little variance from the budget in the third quarter and Council approved the second quarter financial report.

Profession's Strategic Plan

The President updated Council on the Earnings survey from the profession's strategic plan. The survey is the current proxy indicator for measuring the financial viability of the profession. Once the project is complete and as other strategic initiatives have an impact on financial viability, another measure will be established to measure progress towards achieving this strategic objective.

CMTO – 3d Quarter Balanced Scorecard Report

The third quarter results for the College's Strategic Plan scorecard were reported to Council. There were no items that were cause for concern for Council requiring a change in its objectives or approach. As the College meets its various objectives and goals, the BSC indicators will be reviewed and updated in 2010.

The next Council meeting is scheduled for February 9, 2010
