

# An Approach to Collecting Personal Health Information (PHI) from Clients

**1**

Am I **responding to the client's questions** about **why** I collect certain PHI, and **informing them of what their rights are** with respect to PHI collection?

**No**

See **Requirements 1 & 7** of the Standard

**Yes**

**2**

Do I have **more than one option** for collecting PHI when clients need it?

**No**

See **Requirement 3** of the Standard

**Yes**

**3**

When collecting PHI am I asking for information which **Must be Collected**?

**No**

See PHI Standard Section on **"Must Ask For"**

**Yes**

**4**

When collecting PHI am I asking for PHI which **Must Never be Collected**?

**Yes**

See PHI Standard Section on **"Must Never Ask For"**

**No**

**5**

Am I asking questions that are specific to the needs of each client to collect relevant PHI?

**No**

See Section on the **"RMT/MT May Consider Asking"** and **Requirements 2 & 5** of the Standard

**Yes**

**6**

Does my approach protect clients from stigmatization and discrimination?

**No**

See **Requirement 4** of the PHI Standard

**Yes**

**I understand how to collect Personal Health Information in a safe, client-centred way.**
