

Candidate Statement – Leana McRoberts

I am seeking the opportunity to serve on the Board of the College of Massage Therapists of Ontario (CMTO).

I have 9 years of experience as a Massage Therapy instructor, along with my experience as a Clinical Coordinator and Registered Massage Therapist. Throughout my career in Massage Therapy education, I have been committed to preparing future professionals to provide safe, ethical, competent, and patient-centered care. As an instructor, I have developed strong skills in communication, collaboration, mentorship, critical thinking, and the application of professional standards. Working closely with students, faculty and members of the community has provided me with valuable insight into the evolving needs and challenges of the Massage Therapy profession.

My experience as a Clinical Coordinator has further strengthened my leadership, organization, decision-making, and problem-solving abilities. In this role, I support the delivery of clinical education while promoting professionalism, accountability, appropriate documentation, ethical practice, and high standards of patient care.

I would like to serve on the CMTO Board because I believe I can bring a valuable perspective and a strong commitment to CMTO's mandate of protecting the public while contributing constructively to Board discussions. I would value the opportunity to bring my educational and clinical perspective to Board discussions, collaborate with individuals from diverse professional backgrounds, and contribute to thoughtful decisions that support CMTO's mandate. Serving on the Board would also allow me to continue growing as a leader while giving back to a profession that I have been committed to throughout my career.

Thank you for the opportunity to be of service,

Leana McRoberts RMT
